

BID PROPOSAL

PROJECT: 800 MHz Upgrade Skyland Peak Tower
LOCATION: Crestline, San Bernardino County
OWNER: San Bernardino County
BID OPENING: December 18, 2024 at 10:00 a.m.
BIDDER: Metrocell Construction, Inc.

San Bernardino County
Project and Facilities Management Department – Project Management
620 S E St
San Bernardino, CA 92415
<https://pfm.sbcounty.gov/>

In compliance with your invitation for bids, the undersigned has carefully examined the project Bid Documents, including the drawings and specifications, for the scope of work which includes the installation of a single self-supporting steel lattice 80-foot tower, demolition and replacement of the existing equipment shelter with a new 24' x 12' CMU building with a concrete ramp, replacement of the existing generator with a new diesel generator Automatic Transfer Switch (ATS) and Manual Transmission Transfer Switch (MTS), and placement of a temporary shelter and temporary Generator in Crestline, California, and fully understands the scope and meaning of the Bid Documents.

The undersigned hereby agrees to furnish all materials, labor, tools, equipment, apparatus, facilities, and transportation necessary to complete all work in strict conformity with the drawings and specifications, and to execute the contract to the satisfaction of the Project and Facilities Management Department – Project Management, at the following cost(s):

In case of discrepancy between the written bid set forth and the numerical bid set forth, the written bid shall prevail. In the case of a discrepancy between the written bid or numerical bid set forth on the bid proposal, and the numerical bid set forth in the ePro system, the information on the bid proposal shall prevail.

BASE BID

For the furnishing of the labor, materials, and equipment necessary to complete all work designated in the Plans and Specifications.

The LUMP SUM of one million six hundred fifty four, five hundred seventy Dollars

(\$ 1,654,570)

The above-mentioned BASE BID includes applicable California state sales tax, bonds, insurance and all other costs required to perform all the work described in the project drawings and specifications.

The lowest bid shall be the lowest bid price on the BASE BID. A responsible and responsive bidder who submitted the lowest bid shall be awarded the contract, if it is awarded.

BID DEPOSIT (BID BOND)

There is enclosed herewith, a certified check or surety bond in the amount of ten percent (10%) of the BASE BID, or, more specifically, one hundred sixty five thousand four hundred Dollars (\$ 165,457.00), made payable to San Bernardino fifty seven County. The undersigned agrees that in the event of the failure by the undersigned to execute the necessary contract and furnish the required contract bonds and insurance, the certified check or surety bond and the money payable thereon shall be, and remain, the property of San Bernardino County. If the bid is accompanied by a certified or cashier's check, the check shall be deposited by the Project and Facilities Management Department – Project Management, and a County warrant for the full amount shall be issued to the undersigned approximately one month after Contract Award.

If the bid is submitted through San Bernardino County Electronic Procurement Network (ePro) then scan the bid security (bid bond) and submit the scanned copy with your bid submittal in ePro, additionally, mail or submit the original bid security, in a separate sealed envelope labeled "Bid Bond" with the title of the work and the name of the bidder clearly marked on the outside, to: Project and Facilities Management Department – Project Management, 620 S E St, San Bernardino, CA 92415. **Any mailed or submitted bid security must be received on or before the time set for the opening of the bids.**

TIME OF COMPLETION

The undersigned agrees to complete the work within 333 calendar days from the date stipulated in the Notice to Proceed.

LIQUIDATED DAMAGES

Pursuant to the provisions of Government Code Section 53069.85 and in the event that all the Work called for in this Contract is not completed within the number of calendar days set forth, Contractor shall forfeit and pay to the County the sum of \$500.00 per day for each calendar day the work remains incomplete, to be deducted from any payments due

INSTRUCTIONS FOR COMPLETING THIS FORM

Any acknowledgment completed in California must contain verbiage exactly as appears above in the notary section or a separate acknowledgment form must be properly completed and attached to that document. The only exception is if a document is to be recorded outside of California. In such instances, any alternative acknowledgment verbiage as may be printed on such a document so long as the verbiage does not require the notary to do something that is illegal for a notary in California (i.e. certifying the authorized capacity of the signer). Please check the document carefully for proper notarial wording and attach this form if required.

- State and County information must be the State and County where the document signer(s) personally appeared before the notary public for acknowledgment.
- Date of notarization must be the date that the signer(s) personally appeared which must also be the same date the acknowledgment is completed.
- The notary public must print his or her name as it appears within his or her commission followed by a comma and then your title (notary public).
- Print the name(s) of document signer(s) who personally appear at the time of notarization.
- Indicate the correct singular or plural forms by crossing off incorrect forms (i.e. ~~he/she/they~~, is /are) or circling the correct forms. Failure to correctly indicate this information may lead to rejection of document recording.
- The notary seal impression must be clear and photographically reproducible. Impression must not cover text or lines. If seal impression smudges, re-seal if a sufficient area permits, otherwise complete a different acknowledgment form.
- Signature of the notary public must match the signature on file with the office of the county clerk.
 - ❖ Additional information is not required but could help to ensure this acknowledgment is not misused or attached to a different document
 - ❖ Indicate title or type of attached document, number of pages and date.
 - ❖ Indicate the capacity claimed by the signer. If the claimed capacity is a corporate officer, indicate the title (i.e. CEO, CFO, Secretary).
- Securely attach this document to the signed document

or to become due to the Contractor. (Reference General Conditions and Special Conditions)

ESCROW ACCOUNT

Pursuant to Section 22300 of the Public Contract Code, at the request and expense of the Contractor, the Contractor may substitute qualified securities in lieu of retention withheld by the County and/or establish an escrow account for retention payments.

REJECTION OF BIDS

The undersigned agrees that the County reserves the right to reject any or all bids, and reserves the right to waive informalities in a bid or bids, not affected by law, if to do so seems to best serve the public interest.

VALIDITY OF BIDS

The undersigned agrees that this bid will remain valid for sixty (60) days after the scheduled bid opening.

STATE LICENSES

The undersigned hereby certifies that he is currently the holder of a valid State Contractor's Class "B" license as a contractor in the State of California and that the license is the correct class of license for the work described in the project drawings and specifications. The undersigned also certifies that all subcontractor(s) listed under the Designation of Subcontractors section of the Bid Proposal are currently the holder of valid contractor's license(s) in the State of California and the license is the correct class of license for the work to be performed by the subcontractor(s).

INSURANCE

The undersigned agrees to furnish certified copies of all insurance policies and endorsements; all certificates of comprehensive, general and auto liability insurance; Workers' Compensation insurance; and such other insurance that will protect him from claims for damages and personal injury, including death, which may arise from operations under the contract, whether such operation be by the undersigned or by any subcontractor of the undersigned, or anyone directly or indirectly employed by the undersigned or any subcontractor of the undersigned in accordance with Section 11.2 of the General Conditions. **The undersigned agrees to provide the Project and Facilities Management Department – Project Management with Certificates of Insurance evidencing the required insurance coverage at the time Contractor executes the contract with the County.** All policies (excluding Workers' Compensation) shall name San Bernardino County and its officers, employees, agents and volunteers as additional

insureds. All coverages shall be subject to approval by the County for adequacy of protection.

BONDS

If this Bid is successful, the undersigned agrees to execute the required Standard Contract and will furnish a payment bond in an amount equal to one hundred percent (100%) of the contract price and a Faithful Performance Bond in an amount equal to one hundred percent (100%) of the contract price. These bonds shall be secured from a surety company or companies satisfactory to the County within ten (10) calendar days of the contract award and shall be on County approved bond forms. Bonds shall remain in full force and effect for a period of one year following the date of filing of Notice of Completion.

FORMER COUNTY OFFICIALS

Contractor agrees to provide or has already provided information on former San Bernardino County administrative officials (as defined below) who are employed by or represent Contractor. The information provided includes a list of former county administrative officials who terminated county employment within the last five years and who are now officers, principals, partners, associates or members of the business. The information also includes the employment with or representation of contractor. For purposes of this provision, "county administrative official" is defined as a member of the Board of Supervisors or such officer's staff, Chief Executive Officer or member of such officer's staff, county department or group head, assistant department or group head, or any employee in the Exempt Group, Management Unit or Safety Management Unit.

INACCURACIES OR MISREPRESENTATIONS

If during the course of the bid proposal process or in the administration of a resulting Contract, the County determines that the contractor has made a material misstatement or misrepresentation or that materially inaccurate information has been provided to the County, the contractor may be terminated from the bid proposal process, or in the event a Contract has been awarded, the Contract may be immediately terminated. If a Contract is terminated according to this provision, the County is entitled to pursue any available legal remedies.

VISITING THE SITES

The undersigned has visited the site, and is familiar with the local conditions of the work site.

CALIFORNIA AIR RESOURCES BOARD (CARB) IN-USE OFF-ROAD DIESEL-FUELED FLEETS REGULATION COMPLIANCE CERTIFICATION

This Project is subject to the California Air Resources Board (CARB) approved amendments relating to In-Use Off Road Diesel-Fueled Fleets found at California Code

of Regulations Title 13, sections 2449, 2449.1, and 2449.2 (the "Regulations"). The Regulations require a Prime Contractor, bidding on a public works project to be awarded by any public works awarding body, to certify that the Contractor's off-road diesel-fueled fleets comply with CARB regulations. Section 2449(b) includes a list of off-road diesel-fueled fleets subject to these regulations. It is the responsibility of the Contractor to verify if their fleet is subject to these regulations.

Contractor is required to obtain and submit Certificates of Reported Compliance from all subcontractors that are listed in the bid submission. Failure to provide Contractor's CARB compliance number may constitute a material irregularity rendering their bid non-responsive and non-responsible, and subject to rejection for non-responsiveness.

No award shall be made to a Contractor that has failed to provide its CARB compliance certificates, unless the Contractor confirms that no equipment subject to the regulation will be used to execute the Contract Work. By submitting a bid, the Bidder hereby certifies that it is aware of the requirements set forth in Sections 2449, 2449.1, and 2449.2, Title 13, California Code of Regulations and any successful Bidder and its subcontractors shall comply with sections 2449, 2449.1, 2449.2 of Title 13 of the California Code of Regulations, including by providing Certificate(s) of Reported Compliance for In-Use Off-Road Diesel-Fueled Fleets for the fleet selected for the contract and their listed subcontractors, if applicable, with its bid.

Contractor shall not enter into a contract with a fleet for which it does not have a valid Certificate of Reported Compliance for the fleet and Contractor's listed subcontractors, if applicable, prior to entering into a new or renewed contract with that fleet. Contractor shall only allow fleets with valid Certificates of Reported Compliance on Contractor's job sites. The Certificates of Reported Compliance received by the Contractor for this Project must be retained for three (3) years after the Project's completion. Upon request by CARB, these records must be provided to CARB within five (5) business days of the request. Between March 1 and June 1 of each year, Contractor must collect new valid Certificates of Reported Compliance for the current compliance year, as defined in Regulation Section 2449(n), from all fleets that have an ongoing contract with the Contractor as of March 1 of that year. Contractor must not write contracts to evade this requirement.

If Contractor discovers that any fleet intending to operate vehicles subject to the Regulation for Contractor does not have a valid Certificate of Reported Compliance, as defined in Regulation section 2449(n), or if Contractor observes any noncompliant vehicles subject to the Regulation on Contractor's job site, then Contractor must report the required information to CARB within the time period contained in the Regulations.

Upon request by CARB, Contractor must immediately disclose to CARB the name and contact information of each responsible party for all vehicles subject to the Regulation operating at the job site or for Contractor. If applicable, Contractor shall prominently

display signage for any project where vehicles subject to the Regulation as provided and within the time period contained in the Regulation.

Situations in which prime contractors or public works awarding bodies, as applicable, are contracting for projects that are considered emergency operations, as defined in section 2449(c)(18), are exempt from the requirements in section 2449(i)(1)-(3), but must still retain records verifying vehicles subject to the regulation that are operating on the emergency operations project are actually being operated on the project for emergency operations only. These records must include a description of the emergency, the address or a description of the specific location of the emergency, the dates on which the emergency operations were performed, and an attestation by the fleet that the vehicles are operated on the project for emergency operations only.

Contractor shall complete and return the "California Air Resources Board (CARB) In-Use Off-Road Diesel-Fueled Fleets Certification of Compliance" form attached hereto as a condition to bidding this Project.

DESIGNATION OF SUBCONTRACTORS

In compliance with the provisions of Sections 4100-4108 of the Public Contract Code of the State of California, and any amendments thereof, the undersigned shall set forth below the name, location of the place of business and the California contractor license number of each subcontractor who will perform work (meaning the total amount of the subcontractor's contract amount including all labor, materials, supplies and services) in excess of one-half of one percent (1/2 of 1%) of the total bid; and, the general category or the portion of the work to be performed by each subcontractor.

If the undersigned fails to specify a subcontractor for any work to be performed under the contract, the undersigned agrees to perform the work and shall not be permitted to subcontract that work except in cases of public emergency, and then only after written finding as public record by the Board of Supervisors.

The undersigned certifies that all subcontractor(s) listed below are currently the holder of valid contractor's license(s) in the State of California and the license(s) is the correct class of license for the work to be performed by the subcontractor(s).

The undersigned certifies that it and all subcontractor(s) listed below have registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 (applicable for all bids submitted on or after March 1, 2015). The undersigned agrees that no contractor or subcontractor may be awarded a contract for public work or perform work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 (applicable for all contracts awarded on or after April 1, 2015). The undersigned acknowledges that the project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

As required by Labor Code 1771.1(a) "A contractor or subcontractor shall not be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any contract for public work, as defined in this chapter, unless currently registered and qualified to perform public work pursuant to Section 1725.5. It is not a violation of this section for an unregistered contractor to submit a bid that is authorized by Section 7029.1 of the Business and Professions Code or by Section 10164 or 20103.5 of the Public Contract Code, provided the contractor is registered to perform public work pursuant to Section 1725.5 at the time the contract is awarded."

Where a hearing is required for a decision on the substitution of subcontractors, pursuant to the provisions of Chapter 4, Part 1, Division 2, of the Public Contract Code, (commencing with Section 4100) by the awarding authority, or a duly appointed hearing officer, the Clerk of the Board of Supervisors shall prepare and certify a statement of costs incurred by the County for investigation, and to conduct the hearing, including the costs of any hearing officer and shorthand reporter appointed. For the purposes of a hearing for the substitution of subcontractors (pursuant to the Public Contract Code commencing with Section 4100) the awarding authority shall be the Director of the Project and Facilities Management Department, or his/her designee.

The statement of costs shall be sent to the undersigned, who shall reimburse the County for all costs. If not paid separately, such reimbursement shall be deducted from monies due and owing to the undersigned prior to acceptance of the project.

**CONTRACTOR CERTIFICATION
CALIFORNIA AIR RESOURCES BOARD (CARB)**

IN-USE OFF-ROAD DIESEL FUELED FLEET CERTIFICATION OF COMPLIANCE

I hereby certify that Contractor is familiar with the requirements of California Code of Regulations (CCR) Title 13 sections 2449, 2449.1, and 2449.2, In-Use Off-Road Diesel Fueled Fleet Regulation (Off-Road Regulation) Compliance (CARB), and that Contractor shall comply with these requirements:

1. **Certification of Compliance.** I hereby certify that I and all of my subcontractors will conform to the California Air Resource Board ("CARB") In-Use Off-Road Diesel-Fueled Fleets requirements for all work involving the use of vehicles subject to the regulations, including, without limitation, as applicable, the Contracting Requirements in Title 13 CCR section 2449, subdivision (i), subparts (1) – (4), and the Prime Contractor Requirements in Title 13 CCR section 2449, subdivision (j), subparts (1) – (5).

2. **Instructions.** Check one (1) box below.

Contractor's current CARB issued Certificate of Reported Compliance accompanies this Certification. (If this box is checked, the valid Certificate(s) Reported Compliance with this Regulation for In-Use Off-Road Diesel-Fueled Fleet provided by CARB for the fleet selected for the contract and their listed subcontractors, if applicable **must** be provided with this form.)

Contractor certifies that its work on the Project (including work of its Subcontractors) does not involve the use of vehicles subject to the CARB In-Use Off-Road Diesel-Fueled Fleets requirements.

3. I further certify that each of the Contractor's listed subcontractors is familiar with these requirements and shall also comply.

***Note:** All Subcontractor(s) Certificate of Reported Compliance Number(s) shall be listed on the Designation of Subcontractors table contained in the Bid Proposal.

Failure to submit this form or comply with any of the above requirements may result in the bid to be found non-responsive and the bid bond forfeited. Bidder shall ensure that their fleet, as well as all rental fleets and subcontractor fleets, maintain their active and current CARB certification for the duration of the project.

The Bidder certifies under penalty of perjury under the laws of the State of California that the information provided in this form is true and correct.

ADDENDUM NO. 1

TO THE BID DOCUMENTS FOR THE
800MHz UPGRADE SKYLAND PEAK TOWER

The following changes and/or additions shall be made to the plans and/or specifications. All other requirements of the contract documents shall remain the same. The Bidder shall acknowledge receipt of the addendum by inserting its number and date in the Bid Proposal.

Revised Bid Date:

Change to the bid date from **December 18, 2024** at 10:00 A.M to **January 8, 2025** at 10:00 A.M.

Changes to the Construction Drawings

1. Replace the existing Electrical sheets with the attached updated Electrical set, 100% CDs dated 12/06/24. The Electrical Engineer of Record (EEOR) stamp has been updated on all the electrical sheets, a total of 15 pages.
2. Sheet E-0.2 Updated Standby Generator Specifications rated capacity from 30kW to 50kW and have a 300 gallon capacity per manufacturer specification.
3. Sheet E-1.4 Updated Reference Sheet Note No. 15 to have 50kW generator and 300 gallon capacity to match the Generator Specification and Single Line Diagram.

Changes to the Bid Proposal

1. Page 2 on the Bid Proposal sheet, under section "TIME OF COMPLETION", update the time to complete the work from **333** calendar days to **385** calendar days.

Responses to Bidder Questions:

Q1. Are there going to be permits thru the County? Are there costs associated with that?

A1. There will not be any permits as the County is self-permitting and self-inspecting. The contractor will work with the project manager to obtain a fire burn/hot permit with Forest Services.

Q2. For deputy inspections will that be supplied by the County or the GC?

A2. San Bernardino County will provide the Deputy Inspector, the winning contractor will coordinate inspections request with the Project Manager and the San Bernardino County Inspector of Record.

Q10. What is the location of the ATS? Is the ATS installed inside the building or on the Frame?

A10. The ATS is to be installed inside the new communication building, per sheet E-1.4 detail 2.

Q11. Will the contractor be required to provide fire watch and water Buffalo?

A11. Contractor is required to provide fire watch, and will need to have a charged water line adjacent to the hot work area at all times. A minimum of 300 feet of 1.5 inch hose must be available. A minimum of 1500 gallons of water must be available for initial attack at all times (water tender or trailer mounted tank with pump). See attached sample fire permit.

Q12. Who will move the existing batteries?

A12. The batteries inside the shelter will be relocated by San Bernardino County ITD.

Q13. Confirm the generator size, is the generator a 30 kW or a 50kW?

A13. The Generator is a 50kW Generator as per the single line. Please see the updated electrical sheets attached with Addendum No. 1. Also, the winning contractor is responsible for the procurement of the generator permit with SCAQMD.

Hot-Work Permit - Project Activity Level Check List

Holder: San Bernardino County Cajon Summit Communications Site

Project Name: Cajon Summit Comm Site, construction of new SB County owned facility
Contract Number: Communications Use Lease Auth ID FCD076 dated Dec. 12, 2020
Contractor/Holder Name: San Bernardino County, its agents, successors, assigns and contractors
Period: Calendar Year 2023-2025
Units/Subdivisions Affected: San Bernardino National Forest Lands, Front Country RD

Location of operation. PAL AREA: 694	
Slope	Slopes average 15% to 25%
Aspect	Mountaintop, primarily south
Elevation	4400'
Fuels on site	Grass, light brush, Chaparral and Chemise.
Fuels in surrounding area	Same as the site
Long Range Forecast	Continued warmer temperatures (>65f) and Low Humidity (<30 percent) with seasonal Santa Ana wind Conditions.
Short range predictions (Red Flags)	Fire Potential Normal at this time. Red flag warnings, and fire weather watches possible in Summer and Fall months.
Fuel Moistures	Low(< 10 percent).
Response time of suppression resources	10-30 minutes
Potential for ignition	There is moderate potential, and probability of ignition from construction equipment.
RAWS location	Lytle Creek, Mormon Rocks
Current Fire Situation:	
Draw down information	Forest – Fluctuates
National Readiness Level	National Preparedness Level 4
Contractual considerations:	
Operating Season	Sept 30 th 2023 – Sept 30 th 2024
Recent equipment or contract fires in area	N/A
Type of operation	Construction of comm facility – building and tower - including welding activities when installing the roof and exothermic welding to ground the facility.
Contractors/Holder past performance	Holder has conducted work on the SBNF on the Mountaintop Ranger District at Bertha Peak Communications Site.
Other site-specific mitigation or precautions (i.e., holder proposals)	Mitigations covered below
Social & Community Considerations:	
Proximity of high value resources	Site is immediately adjacent to Interstate 15, within the split of the N and S bound lanes within Cajon Pass. Two other comm facilities are on site, owned by BNSF railroad and Caltrans, both operating critical public safety equipment. Multiple utilities (gas and electric lines), railroad tracks, and the interstate are immediately adjacent to the site. The nearby Hesperia, Phelan and Victorville communities contain municipal infra-structure which is critical to the livelihood of many local area residents and contains residential, communication, industrial, transportation, and recreation uses. The site could affect a very large number of residents, commuters and travelers in a single burn period as Cajon Pass is a nationally critical travel corridor.
Location Sensitivity	Fuels are conducive to fire due to prolonged heat and dry weather conditions.

Wind Conditions:

B. Plan Regarding Personnel.

The Contractor/Holder shall, prior to commencing work, furnish the following information:

	Name	Telephone Numbers
Fire Supervisor		
Fire Patrolperson		

*Instructions for Determining Variances for Continued Operations

1. Variances are in addition to the stated requirements for the Project Activity Level.
2. The delegated authority can be at the FSR/COR level as they would usually have knowledge of the ground and access to the District Ranger.
3. The project area should be evaluated for differences in potential fire activity if a fire starts. This could necessitate the use of multiple forms. Examples of this would be units on a north slope near riparian areas vs. those on south slopes that would be dryer and expected to have more severe fire conditions or if there is a significant difference from the predicted PAL and the actual conditions.
4. The Contractor/Holder or their representative should be consulted when determining types of variances that are being considered, they might be able to come up with other options. *Examples* are:
 - A. Requirement for use of specialized detection equipment such as an infrared detection device for locating heat sources.
 - B. Provision of additional fire suppression resources (i.e., crews, equipment, etc.) to achieve shorter response time.
5. The Line Officer, in consultation with the Forest Fire Management Officer, or his/her representative, will evaluate the items in the above check list as they relate to the existing and planned activities, and either determine that existing precautions/mitigations are adequate, or add any additional mitigation measures as needed, and then the Line Officer will advise the Contracting Officer or Permit Administrator to execute the variance. The name of the Fire Management Representative and the Line Officer must be noted on the variance, but a signature is not required.
